At page 11, first full paragraph, lines 1-7:

A6

One aspect of [my] the invention is an improved foam that is useful in the outer
pillow covering of the pillows of [my] the invention as well as in other cushioning
applications. [I will refer to this] This is referred to as a gel/foam combination. There
exists a need for a foam in many pillowing/cushioning applications that has a higher

A6 “hand” than prior art foams. Hand is the ability of the foam beneath a pillowed object or person to sink in deeply without dragging surrounding foam down. An aspect of [my] the invention is to use small pieces of foam, which are
